Mailed:

In re Application of:

Adams et al.

Serial No.: 10/520,976

Filed: January 11, 2005

For: Friction Modifiers For Improved Anti-Shudder Performance And
High Static Friction In Transmission Fluids

DECISION ON PETITION

This is a decision on the petition filed December 7, 2006 to correct inventorship under 37 CFR §1.48(a). It is noted that the applicants have met the requirements of:

- (i) A petition including statements (or rather a statement) from James C. Ray and David J. Aaserud, who are being added as inventors, that the error in inventorship occurred without deceptive intention on their part. It is noted that the inventors submitted one statement with both persons signing that statement. That is deemed to be acceptable.
- (ii) Oaths or declarations by the inventors.
- (iii) The processing fee set forth in 37 CFR §1.17(i).
- (iv) The written consent of the assignee, The Lubrizol Corporation.

The petition is therefore GRANTED.
